

Autonomous Enterprise IT – Powered by AI, Driven by Platforms

The Role of AI in Autonomous Operations

**5 December 2025, Friday
4:00 PM IST onwards
Sofitel Mumbai BKC**

EVENT SCHEDULE

5 Dec 2025 | Sofitel Mumbai BKC

We invite you to join us for an exclusive networking event — Autonomous Enterprise IT: Powered by AI, Driven by Platforms. We will delve into how enterprises are building intelligent and resilient tech infrastructure through autonomous IT operations.

Welcome & Context Setting

Setting the stage for the era of Autonomous Enterprise IT and the role of AI in driving intelligent operations.

Building Intelligent and Resilient Tech Infrastructure through Autonomous IT Ops

Exploring how autonomous infrastructure and AIOps are redefining agility, resilience, and efficiency.

Agentic AI for Enterprise Tech Infrastructure Management

Unveiling how agentic AI empowers enterprises through intelligent automation, predictive insights, and self-healing capabilities.

Open Dialogue: Exploring AI Adoption Across Tech Infrastructure

An interactive dialogue on enterprise adoption of AI for tech infrastructure management, automation's impact on IT budgets, and cross-domain collaboration across cloud, network, workplace, and cybersecurity.

Demo Showcase: **intelligeni & Agentic AI in Action**

Live demonstration of **intelligeni** platform for full stack observability, along with a showcase on agentic AI in IT Infrastructure Provisioning, Configuration Management, and Autonomous Remediation.

Microland Overview

A brief on Microland's AI-First journey, innovation ecosystem, and global impact.

Mixology Experience & Networking Dinner

Engage, unwind, and network over curated cocktails and dinner with peers and Microland leadership.

Don't miss your chance to stay ahead of the curve - Lead the future of autonomous IT ops, starting now

ABOUT MICROLAND

Microland is a leading AI-first, platform-led, technology infrastructure services company. We have enabled enterprises to build intelligent, resilient, and future-ready operations and are a trusted partner to global enterprises. We bring over 35 years of expertise in digital networks, cloud, data centers, workplaces, and cybersecurity, and combine it with our commitment to customer centricity, delivery excellence, and continuous innovation. Our operations, currently in more than 100 countries, are supported by a strong global delivery model and our AIOps platform, **intelli^{geni}**, powered by Agentic AI, which is shaping the future of autonomous technology operations across enterprises.
